Any Improvement Location Permit without a Plan Commission Seal affixed is invalid.  
 Improvement Location Permit is valid for twelve (12) months from the date approved.

IMPROVEMENT LOCATION PERMIT APPLICATION PACKAGE  
Procedure for completing an Improvement Location Permit Application

1. Complete the requested information in as much detail as possible.
2. Supply a drawing of the improvement you plan to make. The drawing must include complete dimensions of the project, including square footage, distance from all property lines, building lines, utility easements, right of way, building height, and legal drains. The Zoning Administrator reserves the right to request a site survey.
3. When you have completed the application form, deliver it to the Town Office at 13909 Pony Express Run Leo. An appointment with the Zoning Administrator can be made ahead of time by calling 627-6321.
4. The Zoning Administrator will examine the application within 10 working days. If the proposed project is in compliance with the Leo-Cedarville Zoning Ordinances, an Improvement Location Permit will be processed. If there are any problems or questions, the Zoning Administrator will contact you.
5. An application fee will be charged at the time of applying for the ILP. The cost of the permit will depend upon the type and extent of improvements. An applicant must pay the fee no matter if the permit is approved or denied.
6. This permit is only for compliance to the Leo-Cedarville Zoning Ordinance and/or Subdivision Control Ordinance. **In addition to this permit you MUST:**
  - a. Also obtain a building permit from the Allen County Building Department located in the Citizens Square Building, Suite 150, 200 East Berry Street, Fort Wayne, (449-7131). A building permit must be obtained BEFORE construction begins.
  - b. Also obtain a permit if your project includes adding, modifying, or improving the driveway or entrance into your property off of the adjacent road. This permit can be obtained from the Allen County Highway Department located in the Citizens Square Building, Suite 280, 200 East Berry Street, Fort Wayne 46802. (449-7369)
  - c. Also obtain a permit if your project includes adding, modifying, or improving a septic system or well on the subject property. This permit may be obtained from the Allen County Health Department located in the Citizens Square Building, Suite 280, 200 East Berry Street, Fort Wayne. (449-7532). If the property requires to be hooked up to a sewer system contact the Leo-Cedarville Sewer District (627-2084)
7. If the project includes building living space or adding on to an existing living space, a Certificate of Occupancy will be issued but only after completing a Certificate of Compliance for a fee of \$45.00.
8. The Leo-Cedarville Flood plan Ordinance will govern all building, filling, earthwork of any kind, placement of utilities, or any other improvement. The Zoning Administrator

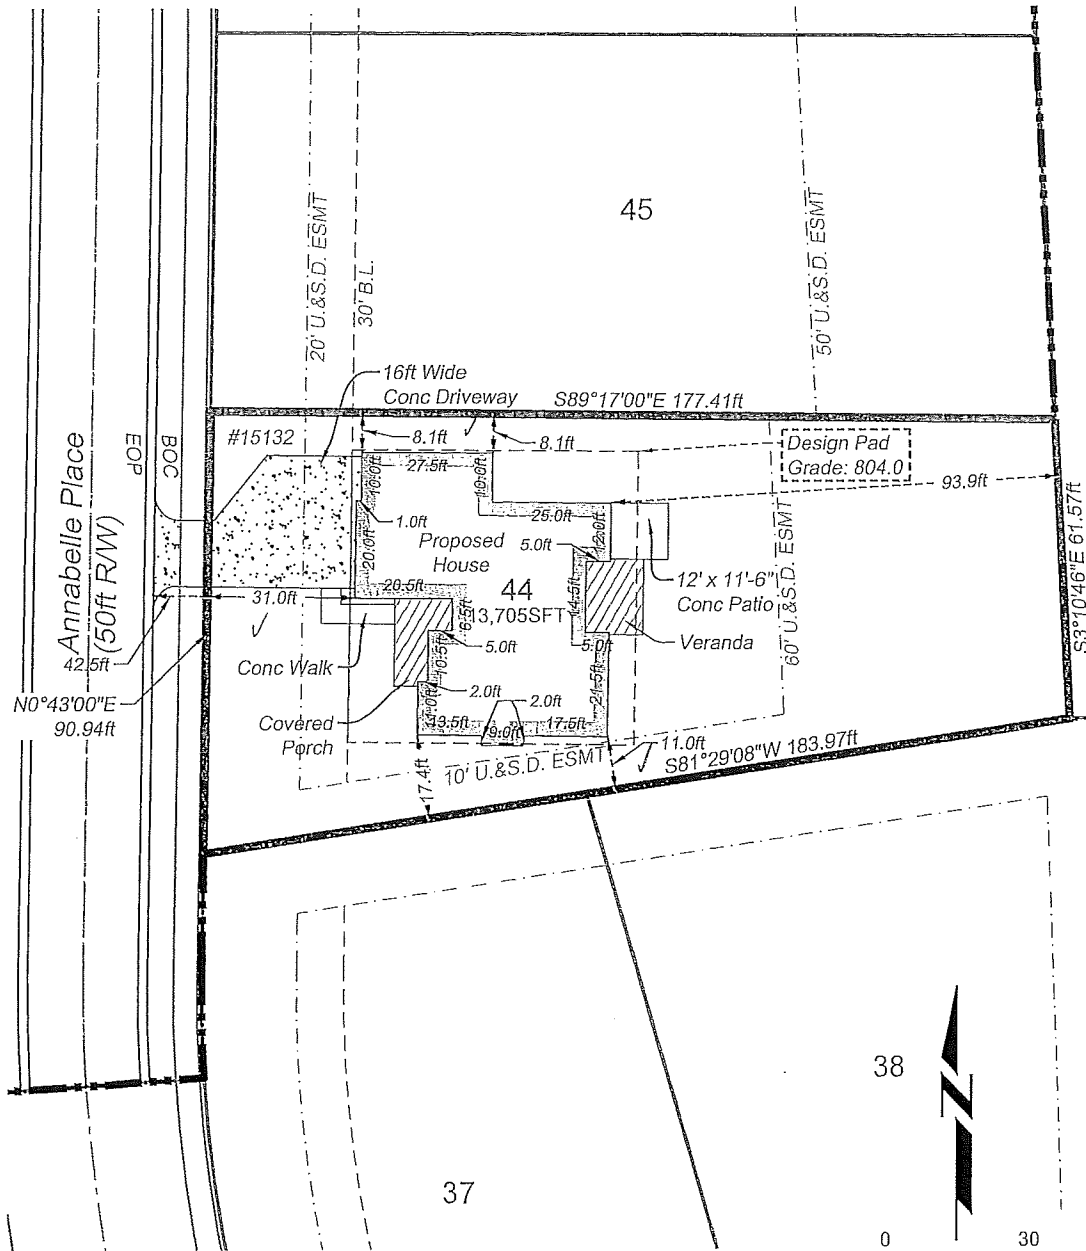

reserves the right to ask any applicant to have a surveyor certify the elevation of the land if there is question of being in the flood fringe (of 100 year floodplain)

9. The ILP is to show where sidewalks, yard lights and driveway will be installed.
10. Upon the completion of the project, complete section 1 only of the Certificate of Compliance and return it to the Town Office with a check for \$45.00 made payable to the Town of Leo-Cedarville. The Certificate of Compliance will be completed by the Plan Commission Administrator within 10 days of submission, who will then mail it to you. At this point you may take it to the Allen County Building Department and they will issue you a Certificate of Occupancy.

# Plot Plan

Lot 44 - Lakes of Leo Creek - Villas - 15132 Annabelle Place  
 as recorded in Allen County Document # 2018014522 (Plat Cab H Pg. 7)  
 the SW Qtr of Sec 16, T32N R13E - Allen County

Site or Plot Plan example. Can be hand drawn.  
 \* Please provide dimensions from property lines
